Avast Mobile Security with free antivirus for Android scans and secures against infected files, unwanted privacy phishing, malware, spyware, and malicious viruses such as trojans and even against loss or theft. Got ideas? Tell us during Beta. Don't worry, you don't have to be a tech genius (but we'll take those too)! Shape our app, and help millions of people. Safely secure your phone and tablet with our top-rated free mobile security app featuring both antivirus and anti-theft protection. Security tools like virus and malware scanner, trojan removal for infected files, protector, network meter, app manager, app lock, and even firewall (on rooted phones) give you total control for staying clean. Protects against infected status, trojans, app vulnerabilities and WiFi based threats to your OS. Locate lost phones or tablets through our Web-based phone locator feature. Remote lock and memory wipe features (just two of its many advanced Anti-Theft components) keep your data safe from theft. Recommended for safety by leading Android authorities: Android Authority: "The best antivirus just got better... nothing comes close." Android and Me: "The best anti-theft solution on the market." Android Police: "Anything you would want if your device gets lost or stolen." Available on mobile in 20+ languages. MOBILE SECURITY | ANTIVIRUS FOR ANDROID ■ Antivirus Engine: Virus and malware scanner automatically scans for infected apps, trojans, memory card content, and new apps for safety upon first use. Schedule automatic scans for while you're sleeping. Includes SMS/file scanning for complete mobile protection, and also protects against avg spyware and removes viruses. ■ Privacy Report & Apps Manager: Provides insights about installed apps and helps you understand your apps' access rights, intentions, and permissions. ■ SMS and Call Filter: Allows you to retain your privacy. Block numbers from those you don't want to be able to contact you. ■ Web Shield: Scans and blocks malware infected links, as well as trojans, adware, and spyware (for privacy and safe Web browsing) and even USSD numbers (which have the ability to wipe your device's memory). Also fixes mistyped URLs. ■ Network Meter: Measures incoming/outgoing data transfers. ■ Firewall (rooted devices only): Ensures privacy and blocks hackers. ■ App Locking: Locks any two apps with a PIN/gesture (unlimited in Premium). FIND MY PHONE | ANTI-THEFT FOR ANDROID The best free cell phone tracker on the market. If you're thinking "How can I find my Android?" you can use the cell phone locator features to find it, control it remotely, and much more. ■ Control your Android remotely via a web-based interface or SMS (to later control your device remotely, go to:). ■ Locate your phone on a map using GPS tracker. ■ Lock device, activate siren, or wipe memory to keep your private data safe. ■ Get notification of a SIM card change. NEW! PREMIUM FEATURES | PAID-FOR OPTIONS ★ App Locking: Locks an unlimited number of apps. ★ Ad Detector: Detects ads and provides full details of their tracking systems. ★ Password Check: Automatically locks after 3 failed attempts to unlock. ★ Geo-Fencing: Phone performs specified actions (e.g. lock, activate siren, send location) when outside the set perimeter (e.g. you go to a cafe and enable it with a 500m perimeter, so if somebody steals your phone and takes it away, it triggers your specified actions). ★ Remote SMS: Remotely send text messages from the phone. ★ Remote Data Recovery: Remotely retrieve data from the phone. ★ Remote Identification: Take picture of the thief when he/she tries to unlock it (using front or back camera, with face recognition). Record audio, with voice recognition. ★ Premium pricing (auto-renewal): \$1.99 monthly, or \$14.99 yearly.
